## **Chinese Exchange Program**

***July 16-July 28***

In July Bow High School and the surrounding communities will be hosting a cultural exchange camp for thirty high school students from Yunnan Province in China, through Spiral International, from July 16th-July 28th. The goal of the program is to engage young people from China and a selected group of American students and families in experiences that allow them to enjoy each others' company and to learn firsthand about each other's culture. This is one of numerous Chinese - American exchanges taking place in Vermont and New Hampshire.

On weekdays, students will participate all day in English language lessons and culture camp activities and excursions, led by local teachers and a selected group of high school students serving as Peer Ambassadors. The Chinese students will spend time with host families in the evenings and on the weekend. There will also be several social gatherings bringing together all students and host families. High school and middle school (grade 7 & 8) students are invited to apply to be Peer Ambassadors, and to participate in the camp.

We have partnered with many local organizations and companies to complete this work, and have received funding from UPS, the NH Moose Plate Conservation Grant, and from the Bow Schools Foundation. This final phase of the Bow Community Trail project will parallel White Rock Hill Rd., and will require that we build three bridges, which companies and local businesses can donate to through our “Adopt-A-Bridge” program. ***Please join us on Monday and Tuesday, July 8 & 9 for our Trail Volunteer Days.*** Volunteers will be cleaning up the trail, planting flowers, shrubs, and trees, bridge building, and enjoying hamburgers and hot dogs for lunch. Community service is available for all BHS students. So come out and join us by helping to build community by creating a new trail system!
